

A schematic diagram of a multi-cavity mold. The mold is divided into eight distinct cavities, each labeled 'CAST' followed by a number. The cavities are arranged as follows: CAST 1 (top left), CAST 2 (top center), CAST 3 (top right, highlighted in red), CAST 4 (middle right), CAST 5 (bottom right), CAST 6 (bottom center), CAST 7 (bottom left), and CAST 8 (middle left). Dashed lines indicate the boundaries between the cavities and the mold walls.
